Profile

IT graduate (BSc (Hons) Computing Systems, 2:1) with strong foundations in IT support, office administration, customer service, and security awareness. Reliable, punctual, and comfortable supporting day-to-day operations, communications, and documentation.

Key Skills

- IT & Helpdesk Support (first-line troubleshooting, documentation)
- Microsoft Office: Word, Excel, PowerPoint
- Email, phone handling, appointment scheduling
- Customer/public service and communication
- Security awareness (HackerOne participation – responsible disclosure exposure)
- Record keeping, process adherence, confidentiality

Education

BSc (Hons) Computing Systems (2:1) – Ulster University (London Campus) | 2019–2023
Diploma in Professional Practice – Pass

Experience

Customer Team Leader – Co-op Foods, London | 2022–Present

- Managed customer enquiries and telephone communications in a fast-paced environment
- Followed procedures, handled responsibilities independently, and supported daily operations
- Demonstrated reliability, punctuality, teamwork, and clear communication

Security Awareness & Continuous Learning

- Active participant on HackerOne since 2020, building understanding of ethical security practices
- Applies security awareness to support safer system usage and confidentiality in day-to-day work
